Even if you're a dyed in the wool iPod/iPhone/iPad customer, you'll find it useful at least for the photo editing portion, even if you end up switching platforms. It's a pretty cool little app. Influence of skeletal muscle metabolic factors on exercise performance in Type 2 diabetic patients. Exercise performance in diabetic patients is significantly decreased compared to that of healthy individuals. A number of factors, including insulin resistance, glucose-induced glycogenolysis, and skeletal muscle mitochondrial function, have been implicated in the reduced exercise capacity. However, it remains to be clarified which factors among 82157476af
